HPS PLAY COMPANY

FAMILY ENTERTAINMENT

Every empty space is a profit opportunity.

www.hps-playco.at

Are you looking to invest in the leisure sector? Then you need a comprehensive concept that offers fun for all age groups. With the Family Entertainment concepts from HPS Play Company, you can continuously surprise your visitors. **Let yourself be inspired!**

One of the leading providers of comprehensive leisure concepts

For over 28 years, HPS Play Company has been one of the leading providers of trampoline parks, indoor playgrounds, and family entertainment concepts. From design to the final product, HPS Play Company creates unique comprehensive concepts for any location and budget. With over 900 projects completed, we are the market leader in the German-speaking region!

Success starts with planning

The design of your Family Entertainment Center begins with a productive conversation. Together with your ideas, our expertise, experience, and creative designers, we create a Family Entertainment Center that exceeds your expectations. After the initial discussion, our designers transform the concept into a 2D design, followed by a 3D presentation. This way, your vision becomes a custom-made reality, making each playground truly distinctive. A unique concept guarantees success!

Safety & Regulations

The safety of your visitors is our top priority. That's why all our play equipment and playgrounds are constructed according to the latest safety standards. After delivery, we can also ensure that the area we equip is inspected and certified by independent experts upon request.

Production & Installation

Once you are satisfied with the design, we refine the drawings down to the smallest detail. With a total of seven production facilities across Europe, no project is too large for us. In addition, our field technicians have extensive experience in installing projects both domestically and internationally. Wherever your location may be, HPS Play Company ensures a professional installation.

Let's have fun!

Everything in Focus

HPS Play Company supports you in every aspect. Together, we develop your formula for success! We provide comprehensive advice on the design and setup of your location, ensuring all the important details are covered to make your business plan a success.

Completely Customized Themes

With a Family Entertainment Center, you want to create an unforgettable experience—a place where both children and parents can have fun. HPS Play Company offers a wide range of 2D and 3D theme design options: from full-color wall prints to 3D elements like lifelike dinosaurs, all the way to a complete jungle with animals and vines. Nothing is too wild!

Get inspired!

Discover our concepts for profitable Family Entertainment Centers that provide fun for all ages!

Adventure Golf

This themed mini-golf course features a variety of challenges and can be placed both outdoors and indoors. Props and sound effects bring the surroundings to life, making Adventure Golf a unique experience for all ages. This profitable attraction brings families and friends closer together.

Glow 'N Golf

This attraction has an almost magical appeal for all ages and is gaining popularity worldwide! Glow 'N Golf is a mini-golf course with fluorescent elements that glow in the dark. Combined with 3D theming, stunning wall murals, and special effects, this concept leaves a lasting impression.

Laser Zone

Alien Invasion! HPS Play Company offers fully themed Laser Game Zones. Participants battle in teams through a surreal environment featuring sound, light, and fog effects, with destroyed buildings, spaceships, and other elements. This concept focuses on teamwork, competition, adrenaline, and an incredibly fun experience.

Escape Rooms

Ready to escape? Teams of up to four players are locked in a thematically designed room and must find clues, solve puzzles, and complete tasks within just 60 minutes. Each challenge leads to the next, and hopefully, the room can be escaped before time runs out.

Ninja Courses

Strength, agility, and fun: the popularity of Ninja courses is on the rise worldwide. This attraction combines sport and fun in a challenging way. Ninja obstacle courses consist of several consecutive elements that participants must overcome as quickly as possible.

Trampoline parks

We are one of the world's leading suppliers of trampoline parks. With various zones, obstacles, and challenges, our concepts offer the ultimate jump experience!

TAG Challenge

Your visitors climb and run through an arena filled with challenging obstacles, searching for pods that light up in their team's color. Each buzz scores a point for the team. This unique play arena combines various obstacle modules with interactive game elements.

Indoor playgrounds

One of the most proven entertainment concepts in the world, indoor playgrounds have been popular for years. Designed for children aged 4 and up, they offer climbing, jumping, and crawling—guaranteeing hours of fun with this challenging indoor climbing adventure!

Cool Climbers

The interactive climbing walls challenge both children and adults alike. Our Cool Climbers attractions are colorful, dynamic, and allow your visitors to scale the most unusual shapes and challenges.

Bouldering Walls

Bouldering is a form of free climbing that allows participants to scale low climbing walls without ropes or harnesses. With the option for corporate branding, your brand message can also be creatively integrated.

Interactive Games

A Family Entertainment Center without interactive games? Nowadays, that's almost unthinkable. We offer a wide range of attractions that combine movement, fun, and play. Augmented Reality is a major trend—take advantage of it!

High and Low Ropes Courses

Swinging from platform to platform, climbing over obstacles and narrow elements while suspended high in the air—that's the thrill of high ropes courses. Throughout the experience, participants are, of course, securely harnessed into the system. For the little ones, low ropes courses provide plenty of climbing fun.

SkyRider

This combination of a roller coaster and zipline delivers a true adrenaline rush. Swing through the curves and feel the freedom and speed. Suitable for both indoor and outdoor settings!

Combine a donut glider with an airbag

Donut-Gliders

Slide down at breathtaking speed on an inflatable 'donut.' A thrilling attraction for all age groups! It can be installed both outdoors and indoors.

Mini City

The perfect blend of fun and learning. In the miniature city, you'll find all aspects of daily life, along with playful elements and fun activities. In Mini City, children can take on different roles, such as firefighter, police officer, shopkeeper, or mechanic. Each house features exciting game elements or tasks to complete.

Party Rooms

Enhance your indoor playground with party rooms. These themed rooms for children's parties can account for up to 30% of total revenue. Choose cool themes like pirates or fairytales, or create a real jungle. It's an experience that keeps children and their guests coming back for more.

Bowling

Bowling is probably the most popular activity in Family Entertainment Centers worldwide. No wonder—it can be played year-round and is popular with all age groups. Whether with friends, family, or colleagues, bowling is fun for everyone!

Theming

Create a unique experience with theming in your location.

Choose Your Theme!

Underwater world, pirates, alien invasion, or jungle—we can theme your location in any style you desire. From vibrant colors and concepts for children to detailed and impressive theming for adults. With the right concept, you create unforgettable experiences!

Graphics and Illustration

Our in-house team of graphic artists and illustrators brings your vision and chosen theme to life. From creating graphics for printed surfaces and products to wall murals and illustrating 3D theming sketches, we have the expertise and tools to design your center in a truly distinctive way.

3D Elements

From giant 3D sculptures and artificial rocks to impressive door portals, 3D elements ignite the imagination of your visitors and tell unique stories.

Wall Murals

Our highly skilled and experienced artists paint your walls with fully customized designs, giving your attractions a unique and vibrant atmosphere.

2D Theming & Graphics

2D theming can be applied throughout the entire center to fully design features such as a climbing volcano or to give your play structure a distinctive appearance.

Entrance & Reception

You only get one chance to make a great first impression, and this is where the foundation for the entire experience is laid. That's why we offer a variety of options for entrances, receptions, and bars. From design to installation, we provide the perfect solution!

Restaurant

The goal of a Family Entertainment Center is to offer an experience for visitors of all ages. That's why we also provide various theming options for restaurants and bars, perfectly aligned with the overall concept

Alongside the restaurant, you can add a pétanque court for extra entertainment!
